Dear Professor [REDACTED] 25X1A

In response to your letter of 27 November 1967 concerning several candidates for our Summer Intern Program for the USSR, Middle East, and China, I regret to inform you that it will not be at all possible for us to employ persons who are not citizens of the United States. This unfortunately rules out many excellent candidates who have background in depth on the areas of our concern.

Since we cannot consider foreign nationals as candidates for the Program, I would advise that the two that you have not be informed. Thank you for your interest in the Program and for bringing this question to my attention.

Sincerely yours,

James A. Brammell
Director
